PROFILE

I am a dynamic and results-oriented Front-end Web Developer with knowledge & experience In React, Node.js, PostgreSQL, and Tailwind CSS, I hold a bachelor's degree in Information technology and recently completed an intensive TUNGA fullstack Developer training in June, where I further sharpened my skills in modern Web development frameworks & Communication skills. My project experience includes building Responsive Web applications, API integrations and database-driven platforms that focus on both functionality and user experience.

I'm passionate about solving complex problems and constantly seeking opportunities to learn and apply new technologies.

WORK EXPERIENCE

Witsmind AI 2023 - present
